This Teacher's Guide provides lessons, assessments, and student pages that accompany the student version of the Civics Projects workbook

The Our Civic Life Teacher's Guide offers detailed, step-by-step instructional guidance and practical tips to help you get the most out of every lesson. Pacing plans and placement guides help you get started with minimal preparation required, and teaching notes include differentiated activities and reproducible Learning Masters at point-of-use. Multiple assessment opportunities help you monitor student growth.

This project-based guide is a blueprint for service learning—from getting started to assessing the experience—and integrates the K-12 Service-Learning Standards for Quality Practice. It provides ideas for incorporating literacy into service learning and suggestions for creating a culture of service. An award-winning treasury of activities, ideas, annotated book recommendations, author interviews, and expert essays—all presented within a curricular context and organized by theme. Digital Content contains all of the planning and tracking forms from the book plus bonus service learning plans, and more.

Teacher's guide is intended to enhance teaching about democracy and civic engagement by having students do oral history interviews with civic activists for preservation in the International Democracy Memory Bank.

Civics education is "on the books" in all 50 states, yet civic illiteracy is widespread. Only one third of 12th graders are able to explain the significance of the Declaration of Independence, and fewer than half of 8th graders know the purpose of the Bill of Rights. This instructional guide explores the foundations of civics education—and the reasons for its demise—with commentary from civics education leaders and scholars across the nation. Questions for eliciting civics discussion are provided for all grade levels, along with detailed civic action and service projects and reading plans. Best practices and grant writing options are included. The author argues for a return to early 20th century civics education and details the traditional and present-day role of America's libraries in developing a civic-minded populace. School and public librarians are urged to utilize trade books and carefully evaluated websites to integrate civics within educational and youth services offerings.
