A very funny collection of 100 X-ray images showing foreign objects ingested or inserted into human bodies, accidentally or on purpose. The human imagination truly knows no limits. Without it, there would be no great art, no advances in science and technology, and no extreme sports. Without it, we'd also be deprived of the many insights into human nature that we get out of witnessing other people do shockingly imprudent things and then try to rationalize them. Stuck Up! capitalizes on this human capability of coming up with creative applications for

everyday (and not-so everyday) items way beyond their designated uses, and features 100 X-ray images of foreign objects inserted into human bodies, accidentally or on purpose. "It was a million-to-one shot, Doc." "My hands were full." "I fell." These and many other ludicrous excuses are what emergency room doctors hear every day from patients who check in with various items inserted where the sun don't shine, stuck in various orifices, or ingested in other ways. How exactly did that cell phone end up there? Was it on vibrate? And is the rectum truly the best place to store your bronzed baby shoes? It is at least somewhat understandable to find a rectal thermometer in its intended place, but how about your six-year-old daughter's Barbie doll? From the illustrator of the #1 smash *The Day the Crayons Quit* comes another bestseller--a giggle-inducing tale of everything tossed, thrown, and hurled in order to free a kite! When Floyd's kite gets stuck in a tree, he's determined to get it out. But how? Well, by knocking it down with his shoe, of course. But strangely enough, it too gets stuck. And the only logical course of action . . . is to throw his other shoe. Only now it's stuck! Surely there must be something he can use to get his

kite unstuck. An orangutan? A boat? His front door? Yes, yes, and yes. And that's only the beginning. Stuck is Oliver Jeffers' most absurdly funny story since *The Incredible Book-Eating Boy*. Childlike in concept and vibrantly illustrated as only Oliver Jeffers could, here is a picture book worth rescuing from any tree.

Illus. in full color. "The tallest person is no taller than a toothpick in the town of Pee Wee, and when Lady Teena is abducted by a dragonfly, a tiny knight, riding his trusty ant, rescues the miniature maiden. This is a hit--an engagingly humorous storyline (set in very large type) features simple words and only a sentence or two per page."--Booklist.

It started out like any other morning on the train. Until I became mesmerized by the guy sitting across the aisle. He was barking at someone on his phone like he ruled the world. Who did the stuck-up suit think he was...God? Actually, he looked like a God. That was about it. When his stop came, he got up suddenly and left. So suddenly, he dropped his phone on the way out. I might have picked it up. I might have gone through all of his photos and called some of the numbers. I might have held onto the mystery man's phone for days—until I finally conjured up the courage to return it. When I traipsed my ass across town to his fancy company, he refused to see me. So, I left the phone on the empty desk outside the arrogant jerk's office. I might have also left behind a dirty picture on it first though. I didn't expect him to text back. I didn't expect our exchanges to be hot as hell. I didn't

expect to fall for him—all before we even met. The two of us couldn't have been any more different. Yet, you know what they say about opposites. When we finally came face to face, we found out opposites sometimes do more than attract—we consumed each other. Nothing could have prepared me for the ride he took me on. And I certainly wasn't prepared for where I'd wind up when the ride was over. All good things must come to an end, right? Except our ending was one I didn't see coming.

We've all felt unsure of what to do next. Experts, articles offering advice, and well-meaning loved ones amplify the anxiety. What they are saying you need to do feels like worn-out-hand-me-down clothes that don't fit. Conventional wisdom won't help you. Their answers aren't your answers. You're in a different season. You need customized wisdom. There is a skill that will help you achieve clarity about your next step. You have to figure out where you are. The stuck book is a short book you can pick up when you have a question and get an answer for what needs to be done. Seize the day? Wait and ponder? Whether it's your job or a relationship there are 4 simple answers for your 1,000,000 questions.
