Manual correct size for your machine. All modern top loading Brother sewing machines will use an 11.5 mm bobbin (SFB), while some older models will use a 9.2mm bobbin (TLB). Check your machine manual for the correct size. Using 3rd ...

Fixing common sewing machine problems: - Brother Machines

Re-thread the machine following the instructions in your manual and ensure that the foot is raised. The thread should pull through the machine freely with no tension. If there is tension when pulling the thread, then the thread may be unsuitable for machine sewing and should be replaced with machine sewing thread from a reputable brand.
