1. Define services and goods?

Services are referred to as any intangible activity that involves interaction between the service provider and consumer. Purchasing the service does not result in ownership of any physical item. Goods refer to objects that are tangible and have a physical appearance. The ownership of a good ...

~~NCERT Solution For Class 11 Business Studies Chapter 4 ...~~

(b) The four cardinal directions are North, South, East and West. (c) The term "the scale of the map" means the ratio between the actual distance on the ground and the distance shown on the map. (d) Maps provide more information than a globe. A globe can be useful when we want to study the earth as a whole.
