BY HONEYMOON (Book #1), on the rugged, wild, eastern shore of Barbados, Cindy and Clint are enjoying their dream honeymoon, when paradise quickly turns into hell. Cindy finds her newly beloved taken away from her, drowned in a freak accident in the ocean. The local police are quick to declare it an accident, to insist that he was caught in a sudden riptide. But Cindy, left all alone, is not convinced. Cindy must return to her and Clint's now-empty home in New York and face her in-laws, who never wanted Clint to marry her, and who did everything to make her engagement and wedding hell. She must deal with all of these women's backbiting, gossiping and unspoken accusations, while she tries to get a handle on her own grief and to get clear on what really happened to Clint. Cindy is mailed an anonymous photo of a woman she had never met, addressed to Clint. As she tries to unravel the mysterious

And she also realizes that Clint was murdered. She digs deeper, into the depths of Clint's massive corporation, DGB oil, and as she starts to unearth information she shouldn't, she goes too far. Soon her own life is in peril. On the run, she realizes that the only way to get answers, and to save her own life, is to return to where it all began: Barbados. huge, hypnotic novel of witchcraft and the occult through four centuries. Demonstrating, once again, her gift for spellbinding storytelling and the creation of legend, Anne Rice makes real for us a great dynasty of witches--a family given to poetry and to incest, to murder and to philosophy; a family that, over the ages, is itself haunted by a powerful, dangerous, and seductive being. On the veranda of a great New Orleans house, now faded, a mute and fragile woman sits rocking . . . and *The Witching Hour* begins. It begins in our time with a rescue at sea. Rowan Mayfair, a beautiful woman, a brilliant practitioner of neurosurgery--aware that she has special powers but unaware that she comes from an ancient line of witches--finds the drowned body of a man off the coast of California and brings him to life. He is Michael Curry, who was born in New Orleans and orphaned in childhood by fire on

Christmas Eve, who pulled himself up from poverty, and who now, in his brief interval of death, has acquired a sensory power that mystifies and frightens him. As these two, fiercely drawn to each other, fall in love and--in passionate alliance--set out to solve the mystery of her past and his unwelcome gift, the novel moves backward and forward in time from today's New Orleans and San Francisco to long-ago Amsterdam and a château in the France of Louis XIV. An intricate tale of evil unfolds--an evil unleashed in seventeenth-century Scotland, where the first "witch," Suzanne of the Mayfair, conjures up the spirit she names Lasher . . . a creation that spells her own destruction and torments each of her descendants in turn. From the coffee plantations of Port au Prince, where the great Mayfair fortune is made and the legacy of their dark power is almost destroyed, to Civil War New Orleans, as Julien--the

clan's only male to be endowed with occult powers--provides for the dynasty its foothold in America, the dark, luminous story encompasses dramas of seduction and death, episodes of tenderness and healing. And always--through peril and escape, tension and release--there swirl around us the echoes of eternal war: innocence versus the corruption of the spirit, sanity against madness, life against death. With a dreamlike power, the novel draws us, through circuitous, twilight paths, to the present and Rowan's increasingly inspired and risky moves in the merciless game that binds her to her heritage. And in New Orleans, on Christmas Eve, this strangest of family sagas is brought to its startling climax.

This is the first comparative analysis of the political transitions in South Africa and Palestine since the 1990s. Clarno's study is grounded in impressive ethnographic fieldwork, taking him from South African townships to Palestinian refugee camps, where he talked to a wide array of informants, from local residents to policymakers, political activists, business representatives, and local and international security personnel. The resulting inquiry accounts for the simultaneous development of extreme inequality, racialized poverty, and advanced strategies for securing the powerful and policing the poor in South Africa and Palestine/Israel over the last 20 years. Clarno places these transitions in a global context while arguing that a new form of neoliberal apartheid has emerged in both countries. The width and depth of Clarno's research, combined with wide-ranging first-hand accounts of realities otherwise difficult for

researchers to access, make Neoliberal Apartheid a path-breaking contribution to the study of social change, political transitions, and security dynamics in highly unequal societies. Take one example of Clarno s major themes, to wit, the issue of security. Both places have generated advanced strategies for securing the powerful and policing the racialized poor. In South Africa, racialized anxieties about black crime shape the growth of private security forces that police poor black South Africans in wealthy neighborhoods.

Meanwhile, a discourse of Muslim terrorism informs the coordinated network of security forces involving Israel, the United States, Jordan, and the Palestinian Authority that polices Palestinians in the West Bank. Overall, Clarno s pathbreaking book shows how the shifting relationship between racism, capitalism, colonialism, and empire has generated inequality and insecurity, marginalization

In 1803 in the colonial South American city of La Plata, Doña Martina Vilvado y Balverde presented herself to church and crown officials to denounce her husband of more than four years, Don Antonio Yta, as a "woman in disguise." Forced to submit to a medical inspection that revealed a woman's body, Don Antonio confessed to having been María Yta, but continued to assert his maleness and claimed to have a functional "member" that appeared,

he said, when necessary. *Passing to América* is at once a historical biography and an in-depth examination of the sex/gender complex in an era before “gender” had been divorced from “sex.” The book presents readers with the original court docket, including Don Antonio’s extended confession, in which he tells his life story, and the equally extraordinary biographical sketch offered by Felipa Ybañez of her “son María,” both in English translation and the original Spanish. Thomas A. Abercrombie’s analysis not only grapples with how to understand the sex/gender system within the Spanish Atlantic empire at the turn of the nineteenth century but also explores what Antonio/María and contemporaries can teach us about the complexities of the relationship between sex and gender today. *Passing to América* brings to light a previously obscure case of gender transgression and puts Don Antonio’s life into its social
