Specifically designed for California students and teachers. The California Mathematics Content Standards are unpacked, taught, and then reinforced throughout our program so that teachers can plan, diagnose, teach, assess, and intervene with the standards in mind.

First published by HarperCollinsUS in 1964, this classic children's novel has sold over 4 million copies and was awarded the New York Times Outstanding Book Award.

Getting through to someone is a fine art, indeed, but a critical one nonetheless. Whether you are dealing with a harried colleague, a stressed-out client, or an insecure spouse, things will go from bad to worse if you can't break through emotional barricades and get your message thoroughly communicated and registered.Drawing on his experience as a psychiatrist, business consultant, and coach, author Mark Goulston shares simple but powerful techniques readers can use to break through the stubborn and hardened outer layers of coworkers, friends, strangers, or even enemies. Just Listen reveals how to:• Make a powerful and positive first impression• Listen effectively• Talk an angry or aggressive person away from an unproductive reaction and toward a more rational mindset• Achieve buy-in--the linchpin of all persuasion, negotiation, and sales• And moreWhether you're dealing with an angry client, a potential customer, or even a friend or family member who isn't seeing eye to eye with you, your goal is most likely persuasion. And the first make-or-break step to getting there is having them hear you out. The invaluable principles in Just Listen will get you through that first tough step with anyone.

The Sanchez and the Fong families get together to celebrate Chinese New Year. Includes facts about the holiday.

Winner of the Newbery Medal and the National Book Award! This #1 New York Times bestselling, modern classic in which boys are forced to dig holes day in and day out is now available with a splashy new look. Stanley Yelnats is under a curse. A curse that began with his no-good-dirty-rotten-pig-stealing-great-great-grandfather and has since followed generations of Yelnatses. Now Stanley has been unjustly sent to a boys' detention center, Camp Green Lake, where the boys build character by spending all day, every day digging holes exactly five feet wide and five feet deep. There is no lake at Camp Green Lake. But there are an awful lot of holes. It doesn't take long for Stanley to realize there's more than character improvement going on at Camp Green Lake. The boys are digging holes because the warden is looking for something. But what could be buried under a dried-up lake? Stanley tries to dig up the truth in this inventive and darkly humorous tale of crime and punishment--and redemption. Includes a double bonus: an excerpt from Small Steps, the follow-up to Holes, as well as an excerpt from Louis Sachar's new middle-grade novel, Fuzzy Mud. "A smart jigsaw puzzle of a novel." --The New York Times WINNER OF THE BOSTON GLOBE-HORN BOOK AWARD A NEW YORK TIMES BOOK REVIEW NOTABLE CHILDREN'S BOOK SELECTED FOR NUMEROUS BEST BOOK OF THE YEAR AND ALA HONORS

From one of America's most popular short story writers and an Academy Award nominee: the O. Henry Award-winning tale that inspired the movie The Hunt. A subject of mysterious rumors and superstition, the deserted Caribbean Island was shrouded in an air of peril. To Sanger Rainsford, who fell off a yacht and washed up on its shores, the abandoned isle was a welcome paradise. But unknown to the big-game hunter, a predator lurked in its lush jungles--one more dangerous than any he had ever encountered: a human. First published in 1924, this suspenseful tale "has inspired serial killers, films and stirred controversy in schools. A century on, the story continues to thrill" (The Telegraph). "[A] tense, relentless story of man-against-man adventure, in which the hunter Sanger Rainsford learns, at the hands of General Zaroff, what it means to be hunted." --Criterion

Julie Stav has long made a name for herself as a financial guru with a solid media platform, and the know-how to make right your financial wrongs. With her most fun and mass appealing book to date, Stav points her financial acumen on what she considers the financial universe's 5 existing financial personality types Structured much in the same way the signs of the Zodiac are organized (with each Zodiac sign representing its own set of character traits--both strengths AND weaknesses), THE MONEY IN YOU! segments 5 different financial types in this world, and why all of us fit into one more than we do the others. It is our understanding of our financial nature, or the way we innately view money matters, that drives our financial decisions. Mastering this nature is the key to unlocking our financial success. Once Stav helps readers figure out which best defines us, she then helps to create a solid plan around who we are, rather than change us with advice our financial nature is sure to reject. She also teaches the reader how to interact with the other financial types around us, in the relationships that are most important to us.
