Nobody knows who will be the next to succumb – nobody except the Night Doctor, a masked figure that stalks the streets, seeking out those who will not live to see another day. But death is not the end. The Doctor, Bill and Nardole discover that the living are being haunted by the recently departed – by ghosts that do not know they are dead. And there are other creatures lurking in the shadows, slithering, creeping creatures filled with an insatiable hunger.

A plague doctor was a physician who treated victims of the bubonic plague. In times of epidemics, these physicians were specifically hired by towns where the plague had taken hold. Since the city was paying them a salary, they treated everyone, wealthy or poor. However, some plague doctors were known to charge patients and their families additional fees for special treatments or false cures.
