Taking place in the same world and timeline, The Chronicles of Lumineia bridges the gap between epic and modern fantasy. In this sprawling series fantasy isn't fiction, it's history, and begins with The Second Draeken War. 10,000 years later the mages of Lumineia have been forced into hiding and forgotten. In their absence the world has become known by another name.

**The World of Lumineia - The Chronicles of Lumineia**

This first book in the Chronicles of Lumineia starts with action and it never lets up. I thoroughly enjoyed reading this book. The characters are well developed and take the reader on an exciting adventure into a fantastical world of elves, humans, and incredible evil. I can't wait to read the next book in the series.

**Amazon.com: Elseerian: The Chronicles of Lumineia, Book 1 ...**

I found Elseerian to be a very good book, though not great; hence, dropping one star. It is written in a bit of the grand style of Tolkien, although Hale's imagery does not quite rise to the level of the Trilogy, or even The Hobbit. Understand, though, that I am a hard grader. Few books earn 5 stars from me, just as very few earn 1 star from me.

**Elseerian: The Second Draeken War #1 (The Chronicles of ...**

The main character is Taryn Elseerian, a half-elf half-human who knows nothing of his family's background. It seems his parents died in a shipwreck while coming to the island of Sri Rosen, where Taryn has been raised by an old elf swordmaster, Murai.

The assassination of heroes was once a warning . . . for an invasion that nearly destroyed the world. Nations were slaughtered, cities were erased from existence, and defending armies were crushed into oblivion. With hundreds of thousands dead the races stood on the verge of extinction. But the end did not come. Instead the black horde vanished, leaving terrified survivors in its wake. As the centuries passed the holocaust faded into myth and legend. With the tale forgotten the renewed signs go unheeded. Only a supreme warrior can stave off the inevitable, a warrior named Elseerian. For the killings have already begun . . .

The assassination of heroes was once a warning . . . for an invasion that nearly destroyed the world. Nations were slaughtered, cities were erased from existence, and defending armies were crushed into oblivion. In weeks all life stood on the verge of extinction. But the end did not come. Instead the black horde vanished, leaving terrified survivors . . . and rumors. As the centuries passed the holocaust faded into legend, and finally myth. Across the southern sea a gifted young man is completing his training. To him the war is forgotten. To the world a warning goes unheeded. And the killings have already begun.

The assassination of heroes was once a warning, for an invasion that nearly destroyed the world. On the brink of total victory, the black horde mysteriously vanished, leaving terrified survivors . . . and rumors. As the centuries passed, the holocaust faded into legend, and finally myth. But death is stalking heroes once more, and only a miracle will allow life to survive again . . . a miracle named Elseerian.

Assassin's Blade is a 10,000 word short story in the riveting Chronicles of Lumineia, and precedes the events in The Last Oracle. Renowned for his flawless kills, the Swordsman is one of the most lethal mages on Earth. His reputation for subtlety allows him to command a high price--despite his singular rule. He does not kill innocents. Recently his employer has been a secretive group known as the Harbingers, whose latest target is not who he seems. Known only as Hawk, the man proves to be an elusive quarry. When stalking his haunts fails the Swordsman baits a trap and settles in to wait. But this prey is also a predator, one who knows a disturbing truth. If the Swordsman believes it, his rage will see no bounds. No mage or man will deprive him of retribution, for when you betray the Swordsman . . . You invite his blade.

Will the information age witness a transformation in the nature of war? Putting the notion to the test, the author uses a range of contexts to assess whether the Clausewitzian nature of war will retain its validity.

The Dark has nearly consumed the planet. Men and beasts have been stripped of their minds, their bodies twisted to serve the Master's will. Her army now numbers in the trillions and is led by two supreme generals. Even the mages have no power to stop her. Driving the survivors to a last bastion of freedom, she calls for the decimated army to surrender.But mankind stands defiant.From the ashes of nations the people have united, and together they brace for the impending storm. Bereft of retreat or refuge they hold to a single hope, that the Oracle can destroy the Dark before they are slaughtered. Facing the end, the Oracle must rise to her birthright and find that which can cleanse the Earth of darkness.The Forge of Light.

The oracles have always been the guardians of peace. Now they are the heralds of war. After a century of planning, their strike is swift and brutal. In a night of upheaval the kings and queens are cast from their thrones, their kingdoms replaced by a Mage Empire. The people are quick to resist but freedom lies in the hands of an outcast.Hunted by soldiers and assassins, Raiden retreats to a final refuge. As he prepares his last stand an unexpected ally arrives at his door. She may be poisoned, but she is far from powerless. Together they will build a rebellion that will defy the Empire. As the world prepares for a mage war, one oracle is noticeably absent, and rumors abound as to her fate. Betrayed by her oracle sisters, trapped in an anti-magic sphere, Alydian rots in solitude. Each day she fights despair and madness, and plots her escape. With her magic bound, even she believes she is helpless. But such power cannot be shackled. When it is unleashed Alydian will break mountains.And the oracles that betrayed her.

One Shattered Soul. Five Fragments of Power. The tide of war continues to rise, and the fragments of Draeken have parted to fight the expanding threats. While the other fragments hunt the remaining outlanders, Light dons the persona of Serak, head of the Order of Ancients, and infiltrates their ranks to find the missing dark elf queen. But wearing Serak's face will not hide Light's nature, and his innocence could very well be their undoing. Highly impulsive and easily distracted, Light must rely on Willow to keep him in check. The dark elf soldier is cunning and focused, yet it is her tattoos that bring her renown. They are tools and weapons inscribed on her flesh, ink to be wielded. The trail for the queen will take them from underground cities to snowy peaks, and by the time the dust settles, there will be a trail of chaos through the Order. The fragment of Light has been unleashed.
