Until recently, the effortless "Zone" of peak performance was only within the reach of serious athletes. Now, with Body, Mind,

Acces PDF Ez Go Marathon Service Manual

and Sport, anyone can reach the Zone, regardless of fitness level. Designed to accommodate a variety of individual fitness needs, the Body, Mind, and Sport program is split into two levels. Level 1 is for non-athletes who want to improve overall fitness; Level 2 is

In the past decade, few subjects at the intersection of medicine and sports have generated as much public interest as sports-related concussions - especially among youth. Despite growing awareness of sports-related concussions and campaigns to educate athletes,

Acces PDF Ez Go Marathon Service Manual

coaches, physicians, and parents of young athletes about concussion recognition and management, confusion and controversy persist in many areas. Currently, diagnosis is based primarily on the symptoms reported by the individual rather than on objective

Acces PDF Ez Go Marathon Service Manual

diagnostic markers, and there is little empirical evidence for the optimal degree and duration of physical rest needed to promote recovery or the best timing and approach for returning to full physical activity. Sports-Related Concussions in Youth: Improving

Acces PDF Ez Go Marathon Service Manual

the Science, Changing the Culture reviews the science of sports-related concussions in youth from elementary school through young adulthood, as well as in military personnel and their dependents. This report recommends actions that can be taken by a range of

Acces PDF Ez Go Marathon Service Manual

audiences - including research funding agencies, legislatures, state and school superintendents and athletic directors, military organizations, and equipment manufacturers, as well as youth who participate in sports and their parents - to improve what is

Acces PDF Ez Go Marathon Service Manual

known about concussions and to reduce their occurrence. Sports-Related Concussions in Youth finds that while some studies provide useful information, much remains unknown about the extent of concussions in youth; how to diagnose, manage, and prevent

Acces PDF Ez Go Marathon Service Manual

concussions; and the short- and long-term consequences of concussions as well as repetitive head impacts that do not result in concussion symptoms. The culture of sports negatively influences athletes' self-reporting of concussion symptoms and their

Acces PDF Ez Go Marathon Service Manual

adherence to return-to-play guidance. Athletes, their teammates, and, in some cases, coaches and parents may not fully appreciate the health threats posed by concussions. Similarly, military recruits are immersed in a culture that includes devotion to duty and

Acces PDF Ez Go Marathon Service Manual

service before self, and the critical nature of concussions may often go unheeded. According to Sports-Related Concussions in Youth, if the youth sports community can adopt the belief that concussions are serious injuries and emphasize care for players with concussions

Acces PDF Ez Go Marathon Service Manual

until they are fully recovered, then the culture in which these athletes perform and compete will become much safer. Improving understanding of the extent, causes, effects, and prevention of sports-related concussions is vitally important for the health and

Acces PDF Ez Go Marathon Service Manual

well-being of youth athletes. The findings and recommendations in this report set a direction for research to reach this goal.

By his early thirties, Paul Allen
