Students heading for a career in business will benefit from researched and proven selling techniques. Professional sales skills are becoming increasingly important in today's business world. This text covers up-to-date academic topics and rich application materials, providing students with everything they need to understand and apply selling techniques. In the eleventh edition, Manning and Reece have invited Michael Ahearne to join their best-selling author team. Ahearne's experience as Associate Professor of Marketing and Executive Director of the Sales Excellence Institute, in addition to his extensive educational background, provides invaluable insight to this already well-researched text. Developing a Personal Selling Philosophy; Developing a Relationship Strategy; Developing a Product Strategy; Developing a Customer Strategy; Developing a Presentation Strategy; Management of Self and Others Advances in technology and changes in customer expectations mean that sales personnel need to be adaptive and employ the latest in selling techniques. The authors have updated this text with new research and new interactive tools to engage students and reinforce learning with doing.

\* Problem-solving tactics and practical test-taking techniques provide in-depth enrichment and preparation for various math competitions \* Comprehensive introduction to trigonometric functions, their relations and functional properties, and their applications in the Euclidean plane and solid geometry \* A cogent problem-solving resource for advanced high school students, undergraduates, and mathematics teachers engaged in competition training

From well-known auteur of the American theatre scene, Anne Bogart, *And Then, You Act* is a fascinating and accessible book about directing theatre, acting and the collaborative creative process. Writing clearly and passionately, Bogart speaks to a wide audience, from undergraduates to practitioners, and makes an invaluable contribution to the field tackling themes such as: intentionality inspiration why theatre matters. Following on from her successful book *A Director Prepares*, which has become a key text for teaching directing classes, *And Then, You Act* is an essential practitioner and student resource.

Comprehensive and issue-focused, *Sport in Canada: A History* is an engaging and thought-provoking investigation into the role of sports, games, and pastimes in Canadian life. This sweeping history emphasizes the sociocultural factors that inform current issues in sport, such as violence, injury, gender, and multiculturalism. Now in its fourth edition, this revitalized text guides students toward a deeper appreciation of the role sport has played in shaping our national identity.

In *A Bigger Picture*, the bestselling political memoir of 2020, Malcolm Turnbull, Australia's 29th prime minister, tells the remarkable story of his life. Now in paperback, this edition is updated with an all-new foreword by the author that sheds light on the huge political and cultural changes happening today. When Malcolm Turnbull took over the nation's top job there was a sense of excitement in Australia. Sky-high opinion polls followed as the political outsider with a successful business, legal and media career took charge. The infighting that had dogged politics for the best part of a decade looked to be over. But a right-wing insurgency brutally cut down Turnbull's time in office after three years, leaving many Australians asking, 'Why?' Exceptionally candid and compelling, *A Bigger Picture* is the definitive narrative of Malcolm Turnbull's prime ministership. He describes how he legalised same-sex marriage, established Snowy Hydro 2.0, stood up to Donald Trump, and many more achievements – remarkable in their pace and significance, and delivered in the teeth of so much opposition. But it's far more than just politics. Turnbull's life has been filled with colourful characters and controversies, success and failure. From his early years in Sydney, growing up with a single father, to defending 'Spycatcher' Peter Wright against the UK government; the years representing Kerry Packer, leading the Republican Movement and making millions in business; and finally toppling Tony Abbott to become prime minister of Australia. For the first time he tells it all – in his own words. With revelatory insights on the workings of Canberra and the contentious events of Turnbull's life, *A Bigger Picture* explores the strengths and vulnerabilities of one of Australia's best-known and most dynamic business and political leaders. Lyrically written in highly readable and entertaining prose, this is a genuine page-turner that's not just for political junkies.
