Once a pristine, natural paradise, CHIMA has become a battle ground for eight animal tribes. Best friends are now enemies. The animals fight for control of a natural resource called CHI, a powerful element that is both a source of life and potential destruction. Only a few brave heroes in CHIMA understand the true nature of CHI, and the possible downfall of CHIMA that will result from its misuse. Their stories, and the stories of those who seek to destroy them, are known as... THE LEGENDS OF CHIMA. The third volume in the hit series continues the adventures of Laval and his fellow members of the Lion tribe as they fight against Prince Cragger & the Crocodile tribe to preserve the balance of the mysterious force known as Chi.

In *Overhaul*, historians Richard Flint and Shirley Cushing Flint present the largely forgotten story of Albuquerque's locomotive repair shops, which were the driving force behind the city's economy for more than seventy years. In the course of their study they also document the thousands of skilled workers who kept the locomotives in operation, many of whom were part of the growing Hispano and Native American middle class. Their critical work kept the Atchison, Topeka, and Santa Fe's steam trains running and established and maintained Albuquerque's unique character in the region. Including a generous selection of historic photographs, *Overhaul* provides a glimpse into the people, places, culture, and special history found in Albuquerque's locomotive shops during the boom of steam railroading. The Flints provide an engaging and informative account of how these shops
