What if your husband no longer satisfied your needs in the bedroom, you could get rid of him or you could make him into a little sissy, this way you could keep him around for the household chores such as cleaning and laundry as you slowly took his manhood away from him and turned him into something far more less than a man. This would free you up to enjoy the attentions of more worthy manly specimens knowing that the house would be clean when you got home. You could dress him up so pretty and embarrass him in front of your friends and use him in ways that you probably had never thought of before. Well that is exactly what I did and here is his story.....

The day that I found out my husband liked wearing female underwear was a changing point in our marriage. I still loved him very much he was a good provider for the household, but things were going to have to change as part of the acceptance of this new bit of information. I called him out on it when he got home from work that day and he got down on his knees and begged me to understand that it was just something that had always been part of who he was. I made him beg until the tears were streaming down his face, and then he said the magic words that any good dominating wife loves to hear. "Honey I will do anything"

'How To Set Up An FLR' is a straight forward, no nonsense book that tells it like it is. Georgia Ivey Green (also known as Mistress Ivey) tells her readers the truth about Female Led Relationships instead of feeding their fantasies like so many others have done in the past. She talks about real life and how to implement a female led relationship that fits you in real life, not in some fantasy you may have picked up from the Internet. Couples gain the knowledge to avoid common pitfalls and ease into an FLR where both parties can feel comfortable. She takes the fantasy out and puts the reality in. 'How To Set Up An FLR' was originally a highly successful ebook for your favorite e-reader. Now it is available in paperback so you can hold it in your hand, write comments and notes in the margins, or quickly access any page for the information you need. There are many sections that you will want to refer back to for years to come. This book is invaluable to those wishing to establish a successful female led relationship. It will guide couples just starting out as well those who may have tried to set up an FLR before and failed. It covers such things as approaching your partner, creating an agreement, limits, and, yes, even cuckolding. If you have ever thought about converting your relationship to an FLR, then you really ought to read this book first. It could save your relationship.

Well where do you start, I mean I never started out with evil intentions in mind, though I have to admit that was exactly where I ended up. My name is Sally and I am a Dominant Wife, I know a few people would consider me an abusive wife, and I am fine with that except the only difference is that my husband actually enjoys me abusing him. It wasn't always like that, when I married Bob we were the typical married couple, we went on vacations together and built our nest egg together and all that normal stuff. We were married for about ten years before things started to change, and I never once thought that I would be in the position I am in today. Let us just say that I wear the pants in the family now

When Annie found her husband Mark drunk on their bedroom floor last week wearing her clothes, she turned him into a her. Now it's a week later and Annie finds herself empowered by their gender play and when she gets a promotion at work, Annie rushes home to celebrate by once again turning her husband Mark into the sexy and submissive Becky. But this time Annie wants more than a one night thing! This time she has plans to make Mark into her sweet Becky fulltime. This 7,500 word story contains adult themes and includes fake dicks, cross dressing, forced feminization and a loving couple with fluid gender roles.

This is the true story of how Alexa Martinez transformed her marriage by feminising her loving husband. The book explains how she took an already wonderful relationship and moved it to a different level by taking control and introducing a reluctant husband to a life of femininity. What began as an exciting bedroom game exploded into a programme of gradual enforced feminisation. The book describes the reasons and beliefs that guided her to take this path and the tactics she had to employ to turn an unknowing and unaware masculine man into a submissive housewife called Alice. Their marriage continues to be loving and affectionate but with Alexa in complete control and with her needs paramount. Although Alice has come to accept her new status as a girl, they haven't yet come out of the closet entirely and so she also write about some of the barriers they continue to face in how she plans overcome them and also how to deepen Alice's feminisation and submission further still. She describes what it is that she expects from a femdom relationship and why she believes that males need to be feminised. Alexa Martinez is a writer who has produced several novels on the topic of femdom and forced feminisation under the pen name of Lady Alexa as well as a blog which covers the weekly life of living in a femdom relationship.

There comes a time in every marriage when secret thoughts bring forth tough questions that eventually must be answered - questions that have surfaced in the mind many times before; only to be pushed back down inside where we ignore them out of fear of what our answer would be - if the truth were really told. Afraid of the impact complete honesty could have on our lives and those around us. So instead, we choose to hide these thoughts; only allowing ourselves to ponder them during moments of extreme arousal brought on by sexual fantasies of the most perverse nature. But, once in while, someone in a marriage will break the normal pattern and choose to admit the secret lusts of their heart - and are eager to finally act upon them - no matter the cost.
