Join the conversation . . . With more than one hundred women restaurateurs, activists, food writers, professional chefs, and home cooks—all of whom are changing the world of food. Featuring essays, profiles, recipes, and more, *Why We Cook* is curated and illustrated by author and artist Lindsay Gardner, whose visual storytelling gifts bring nuance and insight into their words and their work, revealing the power of food to nourish, uplift, inspire curiosity, and effect change. “Prepare to be blown away by Lindsay Gardner’s illustrations. Her gift as an artist is part of this fluid conversation about food with some of the most intriguing women, and you’ll never want it to end. *Why We Cook* highlights our voices and varied perspectives in and out of the kitchen and empowers us to reclaim our place in it.” —Carla Hall, chef, television personality, and author of *Carla Hall’s Soul Food* “*Why We Cook* is a wonderful, heartwarming antidote to these trying times, and a powerful testament to unity through food.” —Anita Lo, chef and author of *Solo and Cooking Without Borders* “This book is a beautiful object, but it’s also much more than that: an essay collection, a trove of recipes, a guidebook for how we might use food to fight for and further justice. The women in its pages remind us that it’s in the kitchen, in the field, and around the table that we do our most vital work as human beings—and that, now more than ever, we must.” —Molly Wizenberg, author of *A Homemade Life* and *The Fixed Stars*

Critically acclaimed author and psychoanalyst Mikita Brottman offers literary true crime writing at its best, taking us into the life of a murderer after his conviction—when most

stories end but the defendant's life goes on. On February 21, 1992, 22-year-old Brian Bechtold walked into a police station in Port St. Joe, Florida and confessed that he'd shot and killed his parents in their family home in Silver Spring, Maryland. He said he'd been possessed by the devil. He was eventually diagnosed with schizophrenia and ruled "not criminally responsible" for the murders on grounds of insanity. But after the trial, where do the "criminally insane" go? Brottman reveals Brian's inner life leading up to the murder, as well as his complicated afterlife in a maximum security psychiatric hospital, where he is neither imprisoned nor free. During his 27 years at the hospital, Brian has tried to escape and been shot by police, and has witnessed three patient-on-patient murders. He's experienced the drugging of patients beyond recognition, a sadistic system of rewards and punishments, and the short-lived reign of a crazed psychiatrist-turned-stalker. In the tradition of *One Flew Over the Cuckoo's Nest*, *Couple Found Slain* is an insider's account of life in the underworld of forensic psych wards in America and the forgotten lives of those held there, often indefinitely.

Celebrate Bill Cunningham—the iconic New York Times photographer who chronicled society and fashion—with his images of the vibrant events of spring and summer. Bill Cunningham (1929-2016) embraced the colors, carefree beauty, and escapism of spring outings and summer parties as both a photographer and an astute fashion documentarian. His camera captured the showstopping hats and dresses worn by society ladies at the annual Central Park Conservancy luncheons, the gorgeous gowns sweeping the dance floors of tented galas in Newport and the Hamptons,

and the authentic vintage outfits sported by young attendees at summertime jazz and swing-dance festivals. For decades, Cunningham's two weekly columns for the Times remained at the top of every fashionista's go-to list, presenting not only a comprehensive chronicle of the looks of the day but also an insider's view of the glamorous parties and philanthropic events that are part of the social whirl. This celebration of Cunningham's genius for capturing magical moments with extraordinary style provides a heartfelt insiders' tribute to one of photojournalism's greatest legends.
