An exhaustive alphabetical list of all the principal words that were used in Libro de Buen Amor.

Volume 13 in the RUSCH series continues work already begun on the School of Aristotle. Volume 9 featured Demetrius of Phalerum, Volume 10, Dicaearchus of Messana, Volume 11, Eudemus of Rhodes, and Volume 12, both Lyco of Troas and Hieronymus of Rhodes. Now Volume 13 turns our attention to Aristo of Iulis on Ceos, who was active in the last

quarter of the third century BCE. Almost certainly he was Lyco's successor as head of the Peripatetic School. In antiquity, Aristo was confused with the like-named Stoic philosopher from Chios, so that several works were claimed for both philosophers. Among these disputed works, those with Peripatetic antecedents, like Exhortations and Erotic Dissertations, are plausibly assigned to Aristo of Ceos. Other works attributed to the Peripatetic are Lyco (presumably a biography of Aristo's predecessor), On Old Age, and Relieving Arrogance. Whether part of the last-named work or a separate treatise, Aristo's descriptions of persons exhibiting inconsiderateness, self-will, and other unattractive traits relate closely to the Characters of Theophrastus. In addition, Aristo wrote biographies of Heraclitus, Socrates, and Epicurus. We may be sure that he did the same for the leaders of the Peripatos, whose wills he seems to have preserved within the biographies. The volume gives pride of place to Peter Stork's new edition of the fragments of Aristo of Ceos. The edition includes a translation on facing pages. There are also notes on the Greek and Latin texts (an apparatus criticus) and substantive notes that accompany the translation. This edition will replace that of Fritz Wehrli, which was made over half a century ago and published without translation.

When accidents happen to Murdley Gurdson, they are usually his own fault, but when a bird lays an egg on Murdley's head one day, he tries hard to find someone else to blame.

"Algunas cosas deben creerse para poder ser vistas." Sandy y Dennys siempre han sido los normales y pragmáticos dentro de su excéntrica y extraordinaria familia, pero un día, estos hermanos gemelos se entrometen accidentalmente en uno de los experimentos científicos de su padre y son llevados a un punto remoto del tiempo y el espacio. En este extraño paraje del desierto donde los hombres conviven con seres angelicales, mamuts enanos, mantícoras y unicornios, los gemelos se verán envueltos en una lucha encarnizada entre el bien y el mal, y el destino de la familia de un hombre llamado Noé y la construcción de una enorme arca en las arenas del desierto. Madeleine L'Engle vuelve a crear una aventura deslumbrante en esta cuarta entrega de El Quinteto del Tiempo, en la que ciencia, mitología, fantasía y realidad se unen inextricablemente para romper todas las barreras de la imaginación.
