The Process of Parenting describes the many ways parents and caregivers can translate their love for children into effective parenting behavior. The book has strong emphasis on the development process in terms of children's and parents' growth as complex individuals, and in the changing nature of their relationships over time. Because parents and children are distinct individuals, the book includes a problem-solving approach that can help parents arrive at solutions that fit them, their children, and their life circumstances. The ninth edition includes new first person narrative boxes and more emphasis on social context, new evidence-based parenting programs, and international parenting.

Now in the Ninth Edition, Jerry Bigner's "Parent-Child Relations," the classic resource for child development professionals and parents themselves, has undergone a thorough revision anchored by the vision of the late Dr. Bigner and executed by new co-author, Clara Gerhardt. Maintaining its fundamental structure and unique approach, the text uses family systems and systemic family development theory as a framework to explore how parent-child relations change in

tandem with developmental changes occurring with children, adults, and the wider family system. Thoughtful updates and revisions were done to increase the effectiveness and currency of the text. The text continues to provide strong emphasis on various theoretical and practical models pertaining to parenting. For decades now, this classic text has prepared countless teachers and practitioners by its proven and practical approach, utilizing family systems and systemic family development theory to explore how parent-child relations change in tandem with developmental changes occurring with children, adults, and the wider family system. The most comprehensive and current resource available to students as they prepare for working with parents and families, and for their roles as parents themselves, this best-selling resource carries on the essential message of its originator, Dr. Jerry Bigner, and will continue to nurture future family scholars and practitioners for years to come.

Outlines a four-step program for decluttering a home, increasing a child's sense of security, scheduling down time, and instilling calmness in the face of hectic environments.

International bestseller As seen in The Wall Street Journal--from free play to cozy together time, discover the parenting secrets of the happiest people in the world What makes Denmark the happiest country in the world--and how do Danish parents raise happy, confident, successful kids, year after year? This upbeat and practical book presents six essential principles, which spell out P-A-R-E-N-T: Play is essential for development and well-being. Authenticity fosters trust and an "inner compass." Reframing helps kids cope with setbacks and look on the bright side. Empathy allows us to act with kindness toward others. No ultimatums means no power struggles, lines in the sand, or resentment. Togetherness is a way to celebrate family time, on special occasions and every day. The Danes call this hygge--and it's a fun, cozy way to foster closeness. Preparing meals together, playing favorite games, and sharing other family traditions are all hygge. (Cell phones, bickering, and complaining are not!) With illuminating examples and simple yet powerful advice, The Danish Way of Parenting will help parents from all walks of life raise the happiest, most well-adjusted kids in the world.
