Stay inside if you are inside and outside if you are outside. Move away from buildings, utility wires, sinkholes, and fuel and gas lines. The greatest danger from falling debris is just outside doorways and close to outer walls of buildings. Go to an open area away from trees, telephone poles, and buildings.

As women, we are exhausted. Our hearts are being wrung out to dry--squeezed and yanked in every direction. We take care of everyone but ourselves. We've gotten lost in bedtime routines and our Costco lists. We have lost our voices in the storm of everyday life. We need to be reminded to reach inward and heed the quiet voice whispering, Stay. This book is for anyone who longs for a connection with God and his people but can't seem to escape the haunting feelings of guilt, shame, loneliness, and fear. Through raw, authentic stories, (in)courage writer Anjuli Paschall invites you to stop running from your pain and to recognize that the deep end of your story is the way to intimacy with Christ. Alongside Anjuli, you will encounter a loving God who invites you to stay with him at the table of your soul, where you are free to spill the milk, to fumble through your words, to embrace the awkwardness and the joy, and to taste and see that he is good.

Does good fortune always change things for the better? The Kaplan family has just won 10 million dollars in the lottery. But haven't they always been lucky? Gwen thought so. She's carefully curated a perfect suburban existence with a loving husband and two children. For over a decade, she's been a stay-at-home mom, devoted to giving her kids the quiet, protected adolescence she didn't have. But the surprise windfall suddenly upends the family, allowing them all to dream a little bigger and catapulting them back to the city that Gwen fled years ago. As the Kaplans navigate the notoriety that the lottery brings and try to adjust to their new lives in the upper class—Seth launches a dubious start-up, Maddie falls headfirst in love at her elite prep school—a tightly held secret is unlocked. Along with the truth come long-buried memories from Gwen's troubled youth, forcing her to confront her painful past and threatening to unravel the incredibly tight bond between her and Maddie. Her meticulously constructed identity as the good wife and mother begins to crack. And when their changed circumstances place her family under threat, Gwen must wake up from her domestic slumber. For readers of Meg Wolitzer, Liane Moriarty and Zoe Whittall, Katrina Onstad's new novel explores whether our most intimate relationships can survive our most unforgivable actions. Stay Where I Can See You is a penetrating story about the pendulum swing of fortune, the ferocity of mother–daughter devotion and the stories we tell—and withhold—because of love.

New York Times and #1 ebook bestselling author Alexa Riley returns with Stay Close, the first novella in a brand-new series spinning off from the bestselling For Her books. A former Russian mafia soldier is hired to protect a friend's young daughter, but he knows he'll do more than keep her safe—he'll make her his. Forever. If she were to simply whisper my name, I would be at her feet, begging to touch what I shouldn't, taste what doesn't belong to me, run my hands along the sweet innocence she taunts me with. Penelope Justice is eighteen, old enough to graduate high school but—according to her parents—not old enough to live without 24/7 security. Practice has made her an expert at ditching her bodyguards. One look at Ivan and she never wants to run again. I've been hired to protect her. I can't help but think that perhaps someone should have protected her from me.

Ivan steals the breath right out of her lungs, something no boy has ever done. Then again, he's far from a boy. This man, this man who looks like he could kill someone with the flick of a wrist, is everything. He is her future. I can't let her go and I won't give her up. I've done bad things in my life, and I don't deserve her. But I can't do the honorable thing. I've never been noble, and I'm not starting now. This book is approximately 23,000 words One-click with confidence. This title is part of the Carina Press Romance Promise: all the romance you're looking for with an HEA/HFN. It's a promise!
