Drawing on diverse intellectual traditions, including those rooted in economics, psychology, sociology, and political science, Kuran provides a unified theory of how preference falsification shapes collective decisions, orients structural change, sustains social stability, distorts human knowledge, and conceals political possibilities.

Presented here for the first time in English translation (from Rufinus's Latin version) is the

**Discovered Reality**  
Apology for Origen, the sole surviving work of St. Pamphilus of Caesarea (d. 310 AD), who was one of the most celebrated priest-martyrs of the ancient Church

Conjectures and Refutations is one of Karl Popper's most wide-ranging and popular works, notable not only for its acute insight into the way scientific knowledge grows, but also for applying those insights to politics and to history. It provides one of the clearest and most accessible statements of the fundamental idea that guided his work: not only our knowledge, but our aims and our standards, grow through an unending process of trial and error.

**Distorted Reality**  
In the pantheon of freedom fighters, Mohandas Karamchand Gandhi has pride of place. His fame and influence extend far beyond India and are nowhere more significant than in South Africa. "India gave us a Mohandas, we gave them a Mahatma," goes a popular South African refrain. Contemporary South African leaders, including Mandela, have consistently lauded him as being part of the epic battle to defeat the racist white regime. The South African Gandhi focuses on Gandhi's first leadership experiences and the complicated man they reveal—a man who actually supported the British Empire. Ashwin Desai and Goolam Vahed unveil a man who, throughout his stay on African

# Access Free The Falsification Of History Our

soil, stayed true to Empire while showing a disdain for Africans. For Gandhi, whites and Indians were bonded by an Aryan bloodline that had no place for the African. Gandhi's racism was matched by his class prejudice towards the Indian indentured. He persistently claimed that they were ignorant and needed his leadership, and he wrote their resistances and compromises in surviving a brutal labor regime out of history. The South African Gandhi writes the indentured and working class back into history. The authors show that Gandhi never missed an opportunity to show his loyalty to Empire, with a particular penchant for war as a means to do so. He served as an Empire stretcher-bearer in the

# Access Free The Falsification Of History Our

Boer War while the British occupied South Africa, he demanded guns in the aftermath of the Bhambatha Rebellion, and he toured the villages of India during the First World War as recruiter for the Imperial army. This meticulously researched book punctures the dominant narrative of Gandhi and uncovers an ambiguous figure whose time on African soil was marked by a desire to seek the integration of Indians, minus many basic rights, into the white body politic while simultaneously excluding Africans from his moral compass and political ideals.

This book is part of a series of books aimed at disseminating the accurate history of India drawn

Distorted Reality

from the primary sources. History writing, especially about the medieval Muslim rule has been fraught with political correctness, controversy, and in several cases, downright falsification. This has occurred mostly with official state patronage. As a result, any attempts to correct this course has been virulently opposed with the result that most urban-educated Indians have now internalized a politically correct version of Indian history. The history of Tipu Sultan too, stands as a glaring instance of this distorted historical narrative. Indeed, we have seen, read, and heard about a lot of people claiming to be freedom fighters and receiving pensions from the Government. Several of these

**Distorted Reality**  
Worthies would not have been born before Independence yet they succeed in such blatant manipulations. There are instances of portraying certain rulers and chieftains as true heroes who fought against the British Empire. One such ruler happens to be Tipu Sultan. Tipu Sultan is widely known as the Tiger of Mysore. Indeed, the image of Tipu battling a tiger barehanded crosses the mind whenever his name is mentioned. But is this the truth? Was Tipu Sultan truly the warrior as he has been portrayed? What exactly is his record of fighting the British? Was he really a freedom fighter as is widely claimed? Sandeep Balakrishna in this well-researched book, explores both

# Access Free The Falsification Of History Our

Distorted Reality  
the myths and the truth  
surrounding Tipu Sultan. A must-  
read for those who wish to learn  
the true story of Tipu Sultan.

The definitive history of the  
covert struggle between Russia  
and America to influence  
elections, why the threat to  
American democracy is greater  
than ever, and what we can do  
about it. This is "the first book to  
put the story of Russian  
interference into a broader  
context ... Extraordinary and  
gripping" (The New York Times  
Book Review) Russia's  
interference in 2016 marked only  
the latest chapter of a hidden and  
revelatory history. In *Rigged*,  
David Shimer tells the sweeping  
story of covert electoral

# Access Free The Falsification Of History Our

**Distorted Reality**  
interference past and present. He exposes decades of secret operations—by the KGB, the CIA, and Vladimir Putin's Russia—to shape electoral outcomes, melding deep historical research with groundbreaking interviews with more than 130 key players, from leading officials in both the Trump and Obama administrations, to CIA and NSA directors, to a former KGB general. What Americans should make of Russia's attack in 2016 is still hotly debated, even after the Mueller report and years of media coverage. Shimer shows that Putin's operation was, in fact, a continuation of an ongoing struggle, using familiar weapons radically enhanced by new technology. Throughout history

# Access Free The Falsification Of History Our

and in 2016, both Russian and American operations achieved their greatest success by influencing the way voters think, rather than tampering with actual vote tallies. Casting aside partisanship and sensationalism, *Rigged* reveals new details about what Russia achieved in 2016, how the Obama administration responded, and why Putin has also been interfering covertly in elections across the globe in recent years, while American presidents have largely refrained from doing so. Shimer also makes disturbingly clear that this type of intrusion can be used to harm Democrats and Republicans alike. Russia's central aim is to undermine and disrupt our democracy, to the detriment of all

# Access Free The Falsification Of History Our

**Distorted Reality**  
Americans! Understanding 2016 as one battle in a much longer war is essential to understanding the critical threat currently posed to America's electoral sovereignty and how to defend against it. Illuminating how the lessons of the past can be used to protect our democracy in the future, *Rigged* is an essential book for readers of every political persuasion.
