(In fact, my wife spent a whole week excavating one.) We even lived in Europe for a year. My wife spent all day, every day, in libraries, reading medieval books. I spent all day, every day, cooking, eating, and dreaming up this novel. So how much of this novel is real, and how much is made up? That's a complicated question.

*Adam Gidwitz*

Near the end of the novel, in one of my favorite scenes, the children find themselves in a tavern. A troubadour approaches them. And, thanks to my wife and her crazy taste in concerts – and also to Benjamin Bagby and Sequentia – they hear a troubadour sing “The Song of Hildebrand.” Once the book was finished, we began work on the audiobook.

From Jeanne Kalogridis, the bestselling author of *The Borgia Bride* and *The Scarlet Contessa*, comes a tale of love, loss and treachery set during the perilous days of the Spanish Inquisition 1481 Seville: The Inquisition makes its first appearance in Spain. Its target: conversos, Christians of Jewish descent--specifically those who practice Judaism secretly in their homes. The penalty for "crypto-Judaism": Burning at the stake. Marisol Garcia, a young conversa, is hurriedly wed to Gabriel, a civil lawyer working for the Inquisition, in hopes that he will protect her. But she still yearns for the childhood love who abandoned her four years earlier, and she's shocked when he reappears suddenly at her wedding. When her father is arrested and tortured, Marisol finds herself caught between her love for him and her desire to save the lives of her people. After becoming a favorite of the ruthless Queen Isabella, Marisol discovers a dangerous secret about her former lover, Antonio, and finds herself trapped in a life-threatening web of intrigue. As the Inquisition's snares tighten around her, Marisol's love for Antonio and loyalty to her Jewish family is tested as never before... *The Inquisitor's Wife* reveals the real motivation behind the Inquisition, a frank glance at a "saintly" queen, and the struggles of a maligned people against crushing forces.

Possessing an uncanny ability to recognize lies, professional information retrieval expert Geiger, who refuses to use his torturous techniques on children, places his own life on the line to rescue a 12-year-old boy that a dangerous client has abducted for questioning. A first novel.

Apprenticed to the early 20th-century New York Police Department's star Inquisitor when it is discovered that he can see witches, Jewish youth Sacha Kessler teams up with spoiled fellow apprentice Lily Astral to foil a murder plot against Thomas Edison. 35,000 first printing.

A peasant girl and her holy greyhound, an oblate on a mission from his monastery, and a young Jewish boy travel across medieval France to escape persecution and save holy texts from being burned.

The spellbinding story of the year that changed our world forever. A novel that captures the passion, glory, and spectacle of the struggle for power and wealth waged by the Christians and the Moors . . . and the human tragedy and personal triumph that forever changed our world. 1492 is captivating . . . extraordinarily vivid --Publishers Weekly.

Vivacious Sancha of Aragon arrives in Rome newly wed to a member of the notorious Borgia dynasty. Surrounded by the city's opulence and political corruption, she befriends her glamorous and deceitful sister-in-law, Lucrezia, whose jealousy is as legendary as her beauty. Some say Lucrezia has poisoned her rivals, particularly those to whom her handsome brother, Cesare, has given his heart. So when Sancha falls under Cesare's irresistible spell, she must hide her secret or lose her life. Caught in the Borgias' sinister web, she summons her courage and uses her cunning to outwit them at their own game. Vividly interweaving historical detail with fiction, *The Borgia Bride* is a richly compelling tale of conspiracy, sexual intrigue, loyalty, and drama.

In this winner of the Premio Nacional de Narrativa, Spain's most prestigious literary prize, Miguel Delibes takes us into the heart of sixteenth-century Spain. At the very moment Martin Luther nails his ninety-five theses to a church door and launches the movement that will divide the Roman Catholic Church, a child is born, his fate marked by the political and religious upheaval taking root in Europe. His mother having perished in childbirth, his father alienated and disconnected, Cipriano Salcedo's only source of affection is his wet nurse and foster mother, Minerva. He grows up to become a prosperous merchant and joins the Reformation movement, which is secretly advancing on the Iberian Peninsula, the historical bastion of the Catholic church. But before long, the Spanish Inquisition will drive the Reformers to put their lives at stake. Through the story of Cipriano Salcedo, Delibes paints a masterful portrait of the time of Spain's Charles V and recreates with uncanny accuracy and unparalleled artistry the social and intellectual atmosphere of Europe at one of history's most pivotal moments.

In the year 1492, the Inquisition has all of Spain in its grip. After centuries of pogrom-like riots encouraged by the Church, the Jews – who have been an important part of Spanish life since the days of the Romans – are expelled from the country by royal edict. Many who wish to remain are intimidated by Church and Crown and become Catholics, but several hundred thousand choose to retain their religion and depart; given little time to flee, some perish even before they can escape from Spain. Yonah Toledano, the 15-year-old son of a celebrated Spanish silversmith, has seen his father and brother die during these terrible days – victims whose murders go almost unnoticed in a time of mass upheaval. Trapped in Spain by circumstances, he is determined to honor the memory of his family by remaining a Jew. On a donkey named Moise, Yonah begins a meandering journey, a young fugitive zigzagging across the vastness of Spain. Toiling at manual labor, he desperately tries to cling to his memories of a vanished culture. As a lonely shepherd on a mountaintop he hurls snatches of almost forgotten Hebrew at the stars, as an apprentice armorer he learns to fight like a Christian knight. Finally, as a man living in a time and land where danger from the Inquisition is

everywhere, he deals with the questions that mark his past. How he discovers the answers, how he finds his way to a singular and strong Marrano woman, how he achieves a life with the outer persona of a respected Old Christian physician and the inner life of a secret Jew, is the fabric of this novel. The Last Jew is a glimpse of the past, an authentic tale of high adventure, and a tender and unforgettable love story. In it, Noah Gordon utilizes his greatest strengths, and the result is remarkable and moving.

"[A] stirring song of freedom." --Nobel Prize laureate Mario Vargas Llosa From a renowned prize-winning Argentinian author comes a historical novel based on the true story of one man's faith, spirit, and resistance during the Spanish Inquisition in Latin America. Born in sixteenth-century Argentina, Francisco Maldonado da Silva is nine years old when he sees his father, Don Diego, arrested one harrowing afternoon because of his beliefs. Raised in a family practicing its Jewish faith in secret under the condemning eyes of the Spanish Inquisition, Francisco embarks on a personal quest that will challenge, enlighten, and forever change him. He completes his education in a monastery; he reads the Bible; he dreams of reparation; he dedicates his life to science, developing a humanistic approach and becoming one of the first accredited medical doctors in Latin America; and most of all, he longs to reconnect with his father in Lima, Perú, the City of Kings. So begins Francisco's epic journey to fight for his true faith, to embrace his past, and to draw from his father's indomitable strength in the face of unimaginable persecution. But the arm of the Holy Inquisition is an intractable one. As it reaches for Francisco, he sheds his mask to defend his freedom. Against seemingly insurmountable odds, he will prove that while the body can be broken, the spirit fights back, endures, and survives.

The Inquisition begins in Spain and Marisol, a young conversa, a Christian of Jewish descent, marries a lawyer working for the Inquisition hoping to protect herself, but an old love and palace intrigue put Marisol's life in danger.
