Miznon, which already boasts locations in Paris, Vienna, Melbourne, Singapore, and New York City, will make its Seaport debut later this year, opening at 107 Seaport Blvd. next to Juice Press.

Kip -- a New York jazz pianist whose career was cut short by a neurological disease -- returns from a failed suicide attempt with a vivid, detailed memory of his journey through the afterlife. Resembling the world as he knows it, but unlimited in space and time, it's unlike any eternity he has contemplated. Its residents are those who choose not to reincarnate, which would erase all memory of who they once were. Kip has a quest: to find his beloved Lucy, a yoga teacher who shared his apartment for years but died of leukemia before he took his own life. Is she still here? Has she waited for him, or "gone back" to become someone else? In his odyssey across centuries and locales (Istanbul to the Marquesas Islands, India to Oklahoma and New Guinea) to find her, Kip is guided by Walt Whitman -- who urges him to write this memoir on his return. "The Land of Later On is wonderfully enticing and deeply, achingly moving. The charm is the charm of those happy black-and-white movies of long ago with, for example, Claude Rains as an angel -- or the charm of Woody Allen's *Midnight in Paris*. The other well-earned relation is to Dante's *Divine Comedy* (in Mr. Weller's book, Walt Whitman, rather than Virgil, is the guide). It's not a contradiction of these comparisons to say that the whole book is the work of Mr. Weller's inventive and generous mind. What would any human want of an afterlife? To enjoy the surface of the earth. To know what others have cherished -- music, books, THINGS of all kinds -- to speak all human languages. Above all, to go on loving. But Mr. Weller's afterlife is neither simple nor easy; good decisions still depend on courage and a passionate heart." - John Casey, Winner of the National Book Award

Indistinct voices, strange visitations and unusual dreams have begun to plague Nineteen-year-old Khari days before her return from London to her Oregon home. As the occurrences have spawned haunting emotions she thought she had escaped, she realizes she can't ignore them any longer and begins to surrender to their pull. Feeling weary and a bit crazy, Khari struggles to cope with what is happening to her. She is forced to open up about herself, only to find out secrets were kept from her by those she trusts the most. She then begins a problematic journey toward self-discovery and uncovers more than she ever imagined possible. But, continuing toward understanding requires Khari to face a dangerous figure, risk of death and a fight for love. Kharishma explores the importance of family ties, both past and present, the consequences of love and hate, and the power of believing in ones self. It is a story of deception, humility, discovery and the strength of bonds to the seen and unseen. It is a story that will not be easily forgotten and will leave you wishing for more.

"Professor Adams seems to have read the whole library and yet. . .retained his pith, vigor, suppleness, and good cheer. In addition, he knows how to tell a story. . . .One of the pleasure. . .lies in [the book's] rich texture of cross-references between history and literature. . . .Exhilarating." --Daniel Albright, *New York Review of Books*

Michael Dante played the title role in *Winterhawk* (1975), a Western about a legendary Blackfoot Chief's character and his principles. In this novella sequel, he pens an ageless saga about ruthless railroad executives trying to assassinate him in order to build their railroad directly through his territory, taking the Blackfoot land without provocation. *Winterhawk* and his tribe remain strong as long as they can, to protect the land of their people, the land they call home, before the invasion of progress imposes itself on America. This inspiring story of a brave man, who stands up to and fight against those who have their own agenda for his land, evokes the nostalgic atmosphere of Western series that Dante frequently appeared in during American television's Golden Era, such as *Death Valley Days*, *The Big Valley*, *Daniel Boone*, *Custer*, *The Texan*, *Bonanza*, *Maverick*, and *Cheyenne*.

I suspect that if you are reading this book, then you either just finished your book or you are contemplating self-publishing books as a full-time or part-time income or just to publish your book and brag to your friends about it later. In any case, this book is written for you and it comes from my heart, and from my many trial and errors over the last two years and still am doing today. I hope I will not let you down with the content of this book and that you will find it useful.

Records a year spent living among the Hadzabe people of East Africa and chronicles the daily lives, culture, ceremonies, religion, myths, and wisdom of Africa's last Stone Age hunting and gathering tribe.

Mary Kate Dupree has been spinning her wheels for too long. Trapped in an abusive marriage to an overbearing good ol' boy, she finally decides to break the cycle when she heads out to pick up her husband's dry cleaning and instead picks up a handsome hitchhiker. They impulsively set off on a road trip of self-discovery, peeling away layers of their dark pasts en route to Niagara Falls, but once there will they take the leap?
