To Talk Of Many Things

In Arthur C. Clarke's 1982 novel 2010: Odyssey Two, the poem is playfully quoted as "'The time has come,' said Dr. Dimitri Moisevitch to his old friend Heywood Floyd, 'to talk of many things. Of shoes and spaceships and sealing wax, but mostly of monoliths and malfunctioning computers.'" in reference to the events from 2001: A Space Odyssey .

Yes. "The time has come", the Walrus said, "To talk of many things: Of shoes - and ships - and sealing wax - Of cabbages - and kings- And why the sea is boiling hot - And whether pigs have wings." Here is the full poem by Lewis Carroll. It used to be thought of as nonsense verse - but I wonder if he was foreseeing the future.

Mayor, Freeman of the City of Manchester, and President of the Institute of Mathematics.

In her fourth book of memoirs, Margaret Wharton continues her G.I. bride reminiscences as she paints a picture of life in England before, during, and after World War II. Emphasizing the years from her arrival in the United States until her retirement in Chapel Hill, North Carolina, she tells of her initial homesickness as she is assimilated into a new way of life and describes her years as a housewife in a small suburban town as she raises two sons and resumes her teaching career. She relates the many travels that she and her husband made together, the accounts taken from the detailed journals she assiduously kept of the trips. She also tells something of the Southern family she married into and goes on to talk of the retirement life she and her husband lead in Chapel Hill. Her book is a highly polished piece of work comprising an ingenious blend of people, places, history, geography, and literature. Mrs. Wharton has a vast knowledge of history and excellent control of language along with a vivid descriptive flair. She reproduces her experiences with clarity and conviction. *Talk of Many Things* offers a colorful, informative, and individual account of a unique experience shared by a number of young women, not only from England, but from many other countries, in the immediate post war years.

From the man who helped ignite the modern conservative movement, a delightful collection of eloquent and witty speeches.

Volume 54 Sermons 3073-3124 Charles Spurgeon (19 June 1834 – 31 January 1892) is one of the church's most famous preachers and Christianity's foremost prolific writers. Called the "Prince of Preachers," he was one of England's most notable ministers for most of the second half of the nineteenth century, and he still remains highly influential among Christians of different denominations today. His

sermons have spread all over the world, and his many printed works have been cherished classics for decades. In his lifetime, Spurgeon preached to more than 10 million people, often up to ten times each week. He was the pastor of the congregation of the New Park Street Chapel (later the Metropolitan Tabernacle) in London for 38 years. He was an inexhaustible author of various kinds of works including sermons, commentaries, an autobiography, as well as books on prayer, devotionals, magazines, poetry, hymns and more. Spurgeon was known to produce powerful sermons of penetrating thought and divine inspiration, and his oratory and writing skills held his audiences spellbound. Many Christians have discovered Spurgeon's messages to be among the best in Christian literature. Edward Walford wrote in *Old and New London: Volume 6 (1878)* quoting an article from the *Times* regarding one of Spurgeon's meetings at Surrey: "Fancy a congregation consisting of 10,000 souls, streaming into the hall, mounting the galleries, humming, buzzing, and swarming—a mighty hive of bees—eager to secure at first the best places, and, at last, any place at all. After waiting more than half an hour—for if you wish to have a seat you must be there at least that space of time in advance—Mr. Spurgeon ascended his tribune. To the hum, and rush, and trampling of men, succeeded a low, concentrated thrill and murmur of devotion, which seemed to run at once, like an electric current, through the breast of every one present, and by this magnetic chain the preacher held us fast bound for about two hours. It is not my purpose to give a summary of his discourse. It is enough to say of his voice, that its power and volume are sufficient to reach every one in that vast assembly; of his language, that it is neither high-flown nor homely; of his style, that it is at times familiar, at times declamatory, but always happy, and often eloquent; of his doctrine, that neither the 'Calvinist' nor the 'Baptist' appears in the forefront of the battle which is waged by Mr. Spurgeon with relentless animosity, and with Gospel weapons, against irreligion, cant, hypocrisy, pride, and those secret bosom-sins which so easily beset a man in daily life; and to sum up all in a word, it is enough to say of the man himself, that he impresses you with a perfect conviction of his sincerity." More than a hundred years after his death, Charles Spurgeon's legacy continues to effectively inspire the church around the world. For this reason, Delmarva Publications has chosen to publish the complete works of Charles Spurgeon.
