A shocking examination of the extreme national security apparatus built in response to the terrorist attacks of September 11th. After 9/11, the United States government embarked on an unprecedented effort to protect America. The result has been

Online Library Top Secret America The Rise Of New American Security State Dana

Priest calamitous: Eleven years of unparalleled spending and growth have produced a system to keep America safe that may in fact be putting us in even greater danger--but we don't know because it's all top secret. In this acclaimed bestseller, award-winning journalists Dana Priest and William M. Arkin lift the curtain on this clandestine universe. From the agencies and private companies keeping track of American citizens, to the military commanders building America's first "top secret city," to a hidden army within the U.S. military more secret than the CIA, this new national security octopus has

Online Library Top Secret America The Rise Of New American Security State Dana

become a self-sustaining "fourth branch" of government. Top Secret America is a tour de force of investigative journalism that reveals government run amok and a war on terrorism gone wrong.

Describes the enormous, top-secret, invisible universe created by the government after 9/11 and describes why the system in place to keep us safe may actually be putting us in greater danger.

"Carol Leonnig has been covering the Secret Service for The Washington Post for most of

Online Library Top Secret America The Rise Of New American Security State Dana Priest

the last decade, bringing to light the gaffes and scandals that plague the agency today--from a toxic work culture to outdated equipment and training to the deep resentment among the ranks with the agency's leadership. But the Secret Service wasn't always so troubled. The Secret Service was born in 1865, in the wake of the assassination of Abraham Lincoln, but its story begins in earnest in 1963, with the death of John F. Kennedy. Shocked into reform by their failure to protect the president on that fateful day, this once-sleepy agency was rapidly transformed into a proud, elite unit that

Online Library Top Secret America The Rise Of New American Security State Dana

Print would finally redeem themselves in 1981 by valiantly thwarting an assassination attempt against Ronald Reagan. But this reputation for courage and efficiency would not last forever. By Barack Obama's presidency, the Secret Service was becoming notorious for break-ins at the White House, an armed gunman firing at the building while agents stood by, a massive prostitution scandal in Cartagena, and many other dangerous lapses. To expose the these shortcomings, Leonnig interviewed countless current and former agents who risked their careers to speak out about an agency that's broken and in desperate need of

Online Library Top Secret America The Rise Of New American Security State Dana

a reform" --

A stunning exploration of the subtle erosion of freedom in an age of concocted fear and de facto military authority. When we think of a military coup, the first image that comes to mind is a general, standing at a podium with a flag behind him, declaring the deposing of elected leaders and the institution of martial law. Think again. In AMERICAN COUP, William Arkin reveals the desk-bound takeover of the highest reaches of government by a coterie of "grey men" of the national security establishment. Operating between the

Online Library Top Secret America The Rise Of New American Security State Dana

Priest of the Constitution this powerful and unelected group fights to save the nation from "terror" and weapons of mass destruction while at the same time modifying and undermining the very essence of the country. Many books are written about secrecy, surveillance, and government law-breaking; none so powerfully expose the truth of everyday life in this state of war.

The fascinating history and unnerving future of high-tech aerial surveillance, from its secret military origins to its growing use on American citizens *Eyes in the Sky* is the

Online Library Top Secret America The Rise Of New American Security State Dana

Revels authoritative account of how the Pentagon secretly developed a godlike surveillance system for monitoring America's enemies overseas, and how it is now being used to watch us in our own backyards. Whereas a regular aerial camera can only capture a small patch of ground at any given time, this system—and its most powerful iteration, Gorgon Stare—allow operators to track thousands of moving targets at once, both forwards and backwards in time, across whole city-sized areas. When fused with big-data analysis techniques, this network can be used to watch everything simultaneously, and

Online Library Top Secret America The Rise Of New American Security State Dana Priest

perhaps even predict attacks before they happen. In battle, Gorgon Stare and other systems like it have saved countless lives, but when this technology is deployed over American cities—as it already has been, extensively and largely in secret—it has the potential to become the most nightmarishly powerful visual surveillance system ever built. While it may well solve serious crimes and even help ease the traffic along your morning commute, it could also enable far more sinister and dangerous intrusions into our lives. This is closed-circuit television on steroids. Facebook in the heavens. Drawing

Online Library Top Secret America The Rise Of New American Security State Dana

Priest on extensive access within the Pentagon and in the companies and government labs that developed these devices, Eyes in the Sky reveals how a top-secret team of mad scientists brought Gorgon Stare into existence, how it has come to pose an unprecedented threat to our privacy and freedom, and how we might still capitalize on its great promise while avoiding its many perils.

An explosive, headline-making portrait of Allen Dulles, the man who transformed the CIA into the most powerful—and secretive—colossus

Online Library Top Secret America The Rise Of New American Security State Dana

Private in Washington, from the founder of Salon.com and author of the New York Times bestseller *Brothers*. America's greatest untold story: the United States' rise to world dominance under the guile of Allen Welsh Dulles, the longest-serving director of the CIA. Drawing on revelatory new materials—including newly discovered U.S. government documents, U.S. and European intelligence sources, the personal correspondence and journals of Allen Dulles's wife and mistress, and exclusive interviews with the children of prominent CIA officials—Talbot reveals the underside of one of America's most powerful and influential

Online Library Top Secret America The Rise Of New American Security State Dana

Figures. Dulles's decade as the director of the CIA—which he used to further his public and private agendas—were dark times in American politics. Calling himself “the secretary of state of unfriendly countries,” Dulles saw himself as above the elected law, manipulating and subverting American presidents in the pursuit of his personal interests and those of the wealthy elite he counted as his friends and clients—colluding with Nazi-controlled cartels, German war criminals, and Mafiosi in the process. Targeting foreign leaders for assassination and overthrowing nationalist governments not

Online Library Top Secret America The Rise Of New American Security State Dana

Priest in line with his political aims, Dulles employed those same tactics to further his goals at home, Talbot charges, offering shocking new evidence in the assassination of President John F. Kennedy. An exposé of American power that is as disturbing as it is timely, *The Devil's Chessboard* is a provocative and gripping story of the rise of the national security state—and the battle for America's soul.

"Enthralling. . . . Lying and stealing and invading, it should be said, make for captivating reading, especially in the hands

Online Library Top Secret America The Rise Of New American Security State Dana Priest

of a storyteller as skilled as Anderson.”

—The New York Times Book Review A NEW YORK TIMES NOTABLE BOOK OF THE YEAR At the end of World War II, the United States was considered the victor over tyranny and a champion of freedom. But it was clear—to some—that the Soviet Union was already seeking to expand and foment revolution around the world, and the American government’s strategy in response relied on the secret efforts of a newly formed CIA. Chronicling the fascinating lives of the agents who sought to uphold American ideals abroad, Scott Anderson follows the exploits

Online Library Top Secret America The Rise Of New American Security State Dana

Review of four spies: Michael Burke, who organized parachute commandos from an Italian villa; Frank Wisner, an ingenious spymaster who directed actions around the world; Peter Sichel, a German Jew who outwitted the ruthless KGB in Berlin; and Edward Lansdale, a mastermind of psychological warfare in the Far East. But despite their lofty ambitions, time and again their efforts went awry, thwarted by a combination of ham-fisted politicking and ideological rigidity at the highest levels of the government. Told with narrative brio, deep research, and a skeptical eye, *The Quiet Americans* is the

Online Library Top Secret America The Rise Of New American Security State Dana

Bripping story of how the United States, at the very pinnacle of its power, managed to permanently damage its moral standing in the world.

NEW YORK TIMES BESTSELLER • The first definitive history of the Mossad, Shin Bet, and the IDF's targeted killing programs, hailed by The New York Times as "an exceptional work, a humane book about an incendiary subject." WINNER OF THE NATIONAL JEWISH BOOK AWARD IN HISTORY NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY JENNIFER SZALAI, THE NEW YORK TIMES NAMED ONE OF THE

Online Library Top Secret America The Rise Of New American Security State Dana

BEST BOOKS OF THE YEAR BY The Economist • The New York Times Book Review • BBC History Magazine • Mother Jones • Kirkus Reviews The Talmud says: "If someone comes to kill you, rise up and kill him first." This instinct to take every measure, even the most aggressive, to defend the Jewish people is hardwired into Israel's DNA. From the very beginning of its statehood in 1948, protecting the nation from harm has been the responsibility of its intelligence community and armed services, and there is one weapon in their vast arsenal that they have relied upon to thwart the most serious threats: Targeted assassinations have

Online Library Top Secret America The Rise Of New American Security State Dana

been used countless times, on enemies large and small, sometimes in response to attacks against the Israeli people and sometimes preemptively. In this page-turning, eye-opening book, journalist and military analyst Ronen Bergman—praised by David Remnick as “arguably [Israel’s] best investigative reporter”—offers a riveting inside account of the targeted killing programs: their successes, their failures, and the moral and political price exacted on the men and women who approved and carried out the missions. Bergman has gained the exceedingly rare cooperation of many current and former

Online Library Top Secret America The Rise Of New American Security State Dana

members of the Israeli government, including Prime Ministers Shimon Peres, Ehud Barak, Ariel Sharon, and Benjamin Netanyahu, as well as high-level figures in the country's military and intelligence services: the IDF (Israel Defense Forces), the Mossad (the world's most feared intelligence agency), Caesarea (a "Mossad within the Mossad" that carries out attacks on the highest-value targets), and the Shin Bet (an internal security service that implemented the largest targeted assassination campaign ever, in order to stop what had once appeared to be unstoppable: suicide terrorism). Including

Online Library Top Secret America The Rise Of New American Security State Dana

Priest never-before-reported, behind-the-curtain accounts of key operations, and based on hundreds of on-the-record interviews and thousands of files to which Bergman has gotten exclusive access over his decades of reporting, Rise and Kill First brings us deep into the heart of Israel's most secret activities. Bergman traces, from statehood to the present, the gripping events and thorny ethical questions underlying Israel's targeted killing campaign, which has shaped the Israeli nation, the Middle East, and the entire world. "A remarkable feat of fearless and responsible reporting . . . important,

Online Library Top Secret America The Rise Of New American Security State Dana

timely, and informative.”—John le Carré

The capital of the U.S. Empire after World War II was not a city. It was an American suburb. In this innovative and timely history, Andrew Friedman chronicles how the CIA and other national security institutions created a U.S. imperial home front in the suburbs of Northern Virginia. In this covert capital, the suburban landscape provided a cover for the workings of U.S. imperial power, which shaped domestic suburban life. The Pentagon and the CIA built two of the largest office buildings in the country there

Online Library Top Secret America The Rise Of New American Security State Dana

during and after the war that anchored a new imperial culture and social world. As the U.S. expanded its power abroad by developing roads, embassies, and villages, its subjects also arrived in the covert capital as real estate agents, homeowners, builders, and landscapers who constructed spaces and living monuments that both nurtured and critiqued postwar U.S. foreign policy. Tracing the relationships among American agents and the migrants from Vietnam, El Salvador, Iran, and elsewhere who settled in the southwestern suburbs of D.C., Friedman tells the story of a place that recasts ideas about U.S.

Online Library Top Secret America The Rise Of New American Security State Dana

immigration, citizenship, nationalism, global interconnection, and ethical responsibility from the post-WW2 period to the present. Opening a new window onto the intertwined history of the American suburbs and U.S. foreign policy, *Covert Capital* will also give readers a broad interdisciplinary and often surprising understanding of how U.S. domestic and global histories intersect in many contexts and at many scales. *American Crossroads*, 37

Throw out everything you think you know about history. Close the approved textbooks, turn

Online Library Top Secret America The Rise Of New American Security State Dana

off the corporate mass media, and whatever you do, don't believe anything you hear from the government—The Rise of the Fourth Reich reveals the truth about American power. In this explosive new book, the legendary Jim Marrs, author of the underground bestseller Rule by Secrecy, reveals the frighteningly real possibility that today the United States is becoming the Fourth Reich, the continuation of an ideology thought to have been vanquished more than a half century ago. This concept may seem absurd to those who cannot see past the rose-colored spin, hype, and disinformation poured out daily by the

Online Library Top Secret America The Rise Of New American Security State Dana

Private media conglomerates—most of which are owned by the very same families and corporations who supported the Nazis before World War II. But as Marrs precisely explains, National Socialism never died, but rather its hideous philosophy is alive and active in modern America. Unfortunately, most people cannot understand the shadowy links between fascism and corporate power, the military, and our elected leaders. While the United States helped defeat the Germans in World War II, we failed to defeat the Nazis. At the end of the war, ranking Nazis, along with their young and fanatical protégés, used the loot of

Online Library Top Secret America The Rise Of New American Security State Dana

Europe to create corporate front companies in many countries, including the United States of America. Utilizing their stolen wealth, men with Nazi backgrounds and mentalities wormed their way into corporate America, slowly buying up and consolidating companies into giant multinational conglomerates. Many thousands of other Nazis came to the United States under classified programs such as Project Paperclip. They brought with them miraculous weapon technology that helped win the space race but they also brought their insidious Nazi philosophy within our borders. This ideology based on the authoritarian

Online Library Top Secret America The Rise Of New American Security State Dana

Prison premise that the end justifies the means—including unprovoked wars of aggression and curtailment of individual liberties—has gained an iron hold in the "land of the free and the home of the brave." For the first time Jim Marrs has gathered compelling evidence that an effort has been underway for the past sixty years to bring a form of National Socialism to modern America, creating in essence a modern empire—or "Fourth Reich"!
