Treatment plans for ADHD usually require long-term efforts on the part of families and schools. Medication schedules may be complex. Behavior therapies require education and patience. Sometimes it can be hard for everyone to stick with it. Your efforts play an important part in building a healthy future for your child.

Treatment & Target Outcomes for Children with ADHD ...  
Interventions for Suicide Risk Care for suicide risk should directly target and treat suicidal thoughts and behaviors and behavioral health disorders using effective, evidence-based treatments. Some interventions that might be more accurately designated as research-informed are also included in the standard of care for suicide prevention.
