Readers are invited to consider topics such as corporate power, the implications of Canada's economic structure, regional economic differences, the cross-cutting effects of globalization, and the role of interest groups in political and policy processes. In a thoughtful and well-researched style, Hale lays out how the partnership between business and government in Canada is an uneasy one—and one whose capacity to adapt to ongoing change is essential in an uncertain world.

"The Canadian government's pursuit of economic growth is central to its economic policy and to the nature of its relationship with the business

Second Edition

The government depends on business investment for economic growth vital to the prosperity of citizens, the generation of tax revenues, and enough public satisfaction to win re-election. Businesses depend on the government for stable sets of rules that are necessary for success. They often look to governments for protection against threats to their well-being and for assistance in competing with other businesses. In this new edition of Uneasy Partnership, Geoffrey Hale examines the interdependent relationship between Canadian governments and businesses, considering the political role of the government in the economy and what effect this has on the business environment. Hale

economic relationship between the European Union and China that help to explain the apparent stalling of the EU-China strategic partnership in policy terms. Written by two specialists with long experience of EU-China relations, this new volume draws on the latest research on how each side has emerged from the economic crisis and argues that promising potential for EU-China cooperation is being repeatedly undermined by political obstacles on both sides. The work is designed to be an analysis useful for university faculty and students interested in China and the European Union as well as for the general reader, providing an empirically-led examination that is academically informed and yet also approachable.

For fifty-five years, the United States and Saudi Arabia were solid partners. Then came the 9/11 attacks, which sorely tested that relationship. In *Thicker than Oil*, Rachel Bronson reveals why the partnership became so intimate and how the countries' shared interests sowed the seeds of today's most pressing problem--Islamic radicalism. Drawing on a wide range of archival material, declassified documents, and interviews with leading Saudi and American officials, and including many colorful stories of diplomatic adventures and misadventures, Bronson chronicles a history of close, and always controversial, contacts. She argues that contrary to popular belief the relationship was never simply about "oil for security."

Get Free Uneasy Partnership The Politics Of Business And Government In Canada

Saudi Arabia's geographic location and religiously motivated foreign policy figured prominently in American efforts to defeat "godless communism." From Africa to Afghanistan, Egypt to Nicaragua, the two worked to beat back Soviet expansion. But decisions made for hardheaded Cold War purposes left behind a legacy that today enflames the Middle East. Looking forward, Bronson outlines the challenges confronting the relationship. The Saudi government faces a zealous internal opposition bent on America's and Saudi Arabia's destruction. Yet from the perspective of both countries, the status quo is clearly unsustainable.
